

NEED A RIDE TO TREATMENT?

The American Cancer Society Road To Recovery program gives cancer patients free transportation for cancer-related medical appointments. Our trained volunteer drivers will pick you up, take you to your appointment, and drop you back at home when you're finished, at no cost to you.

Lifesaving cancer care should not be prevented or delayed because of location or transportation. Connect with us to learn more about Road To Recovery availability in your area and other resources to help you on your cancer journey.

The American Cancer Society takes your safety seriously and has implemented new guidelines to minimize COVID-19 risks to patients and volunteer drivers. Volunteer drivers are required to certify that they are fully vaccinated and will continue to maintain that status during their service to the program.

Road To Recovery is a free program.
