

Licensed HVAC Technician

Pay: \$25.00 - \$45.00 per hour

Job description:

Proulx Oil & Propane | Seacoast NH, Southern ME & North Shore MA

Proulx Oil & Propane is a family-owned, locally trusted company with over 82 years of service across New Hampshire, Southern Maine, and the North Shore of Massachusetts. As our service department continues to grow, we are hiring licensed HVAC Service Technicians who are dependable, safety-focused, and take pride in their craft.

This is a full-time, year-round role supporting residential and light commercial customers.

Requirements (must meet to be considered)

- Current **NH Gas License**
- Graduate of an accredited trade school
- 1–3 years HVAC service and installation experience
- Proficient in troubleshooting, service, and repair of HVAC systems
- Valid driver's license
- History of safe work practices

Pre-employment background check, drug screening, and driving record review required.

Preferred Certifications & Experience

- ME Gas License (plus)
- EPA Type I & Type II Certification
- NH Oil Heating Technician Voluntary Certification
- NORA Oil Heat Certifications
- A/C service and repair experience

Responsibilities

- Install, service, and repair boilers, furnaces, water heaters, and fireplaces
- Perform gas checks, equipment cleaning, and seasonal maintenance
- Diagnose system issues and perform accurate repairs
- Complete service documentation for billing and compliance
- Communicate professionally with customers in homes and businesses
- Collaborate with fellow technicians and dispatch team

What We're Looking For

- Strong troubleshooting ability
- Customer-focused mindset
- Professional, team-oriented attitude
- Dependable and safety-driven work habits
- Ability to work independently in the field

Why Work at Proulx

- Stable, year-round employment
- Locally owned company — not a corporate service chain
- Supportive service and dispatch team
- Opportunity to expand skills across oil, propane, and HVAC systems
- Work that directly supports local homes and communities

Benefits include:

- Medical, dental, vision and life insurance
- Short- & long-term disability
- Paid vacation, holidays, and personal days
- 401(k) with company match
- Team bonus program
- Company uniforms
- Employee fuel discount
- Company truck
- Employee assistance program
- Tools provided
- Tuition reimbursement

About the Role

Our HVAC technicians play a critical role in keeping customers safe, warm, and comfortable year-round. We're looking for professionals who take pride in their work, communicate well with customers, and want to grow with a respected local company.
